

## DPE Digital Preservation Trainers

**DigitalPreservationEurope**, building on the earlier successful work of ERPANET, facilitates pooling of the complementary expertise that exists across the academic research, cultural, public administration and industry sectors in Europe. DigitalPreservationEurope (DPE) fosters collaboration and synergies between many existing national initiatives across the European Research Area. DPE addresses the need to improve coordination, cooperation and consistency in current activities to secure effective preservation of digital materials.

**Core Partners:** HATII at the University of Glasgow (Co-ordinator), Technische Universität Wien, Statsbiblioteket, Nationaal Archief van Nederland, Národní knihovna Ceske republiky, Ministero Per I Beni E Le Attività Culturali, Fondazione Rinascimento Digitale, Vilnius University Faculty of Communication, FernUniversität Hagen.

**Name:** Christian Keitel

**Email:** christian.keitel@la-bw.de

**URL:**

**Organisation:** Landesarchiv Baden-Württemberg

**Type of Organisation:** Archive

**Country:** Germany

**Languages:** English, German, Spanish

**Areas of Expertise:**

- Digital archives
- Digital preservation
- Authenticity
- Selection and appraisal
- Significant properties

**DigitalPreservationEurope makes no guarantees about the quality of the information supplied herein or about the abilities of this person as a trainer. You should seek independent references.**

**Christian Keitel** was born 1966, studied in Tübingen and Salamanca and received his PhD in medieval history. He was trained as an archivist in Marburg and Detmold (1998 - 2000). Since 2000 he is responsible for strategic questions on digital preservation within the Landesarchiv Baden-Württemberg. He published articles on appraisal, archival description and several themes of digital preservation. He is a member of several working groups, amongst them at NESTOR on certification and on standards, at DIN on digital preservation and at the Conference of the German State Archives on digital records, statistical records and geographical records.
