

DPE Digital Preservation Trainers

DigitalPreservationEurope, building on the earlier successful work of ERPANET, facilitates pooling of the complementary expertise that exists across the academic research, cultural, public administration and industry sectors in Europe.

DigitalPreservationEurope (DPE) fosters collaboration and synergies between many existing national initiatives across the European Research Area. DPE addresses the need to improve coordination, cooperation and consistency in current activities to secure effective preservation of digital materials.

Stefan Strathmann Short Bio

Stefan Strathmann studied German Philology at the Göttingen University. After further education in Baden-Baden, Göttingen and Potsdam he joined the Research and Development Department (RDD) at the Göttingen State and University Library (SUB) <http://www.sub.uni-goettingen.de/>. He works mainly in the field of digital preservation and is a scientific officer for the project nestor <http://www.langzeitarchivierung.de/index.php?newlang=eng> and http://nestor.sub.uni-goettingen.de/nestor_on/?lang=en. nestor aims at enhancing the preservation of digital objects in Germany through raising awareness, disseminating expertise and community building. Beside his work in nestor he is involved in several national and international initiatives and projects in the field of digital preservation (e.g. DPE <http://www.digitalpreservationeurope.eu/> and DELOS-WP6 <http://www.dpc.delos.info/>).

The main digital preservation topics he deals with are policy issues, digital preservation on institutional level, trusted repositories, training & education and national/international cooperation.
